Responsibility for generations

The Hörmann family business has over 85 years of experience as a construction component specialist. This gives us an obligation to both current and future generations. That's why environmental responsibility plays such an important role for us. With this in mind, we develop innovative solutions for sustainable products and intelligent environmental protection.

“A GOOD REPUTATION MUST BE EARNED.”

August Hörmann

In keeping with the tradition started by the company’s founder, the Hörmann brand is a true promise of quality and, with sales of over 20 million doors, door frames and operators, is one of Europe’s most successful suppliers. Due to the comprehensive international sales and service network, Hörmann is your strong partner for high-quality construction components.

WE THINK AND ACT GREEN. As a family business, we are very conscious of our responsibility to future generations and offer all products for residential construction CO_2-neutral as standard. The Hörmann sustainability strategy aims to reduce and avoid emissions. We cover 100% of our electrical power needs at all European production sites with genuine green electricity from renewable sources. We also apply many other measures to reduce our consumption and save more than 75000 tonnes of CO_2 each year. We work with ClimatePartner to offset the remaining emissions by supporting certified climate protection projects.

You can find further information at
www.hoermann.com/sustainability

CO_2 measure reduce contribute

Brand quality made in Germany

The family-owned company Hörmann offers all important construction components for building and renovating projects from a single source. We manufacture in highly specialised factories using state-of-the-art production technologies. Our employees work intensively on new products, continual further developments and improvements to details. The results are patents and unique products on the market.

10-year warranty*

LONG-LASTING. GUARANTEED. All garage doors and entrance doors are developed and manufactured by Hörmann. Endurance tests under real conditions ensure mature series products with Hörmann quality. Thanks to this and uncompromising quality assurance, you receive a 10-year* warranty on all Hörmann sectional garage doors and aluminium entrance doors.

* The complete warranty conditions can be found at: www.hoermann.com

ALUMINIUM ENTRANCE DOORS. For ThermoSafe entrance doors with MatchDecor surface finishes, the decors are transferred to the powder-coated aluminium surface of the doors using a patented coating process. You can enjoy this colourfast and detailed surface for a long time to come.

SECTIONAL GARAGE DOORS. The innovative digital printing process for the smooth Duragrain surface finish convinces with detailed and true-colour decors. The final coating of high-quality protective paint is especially robust, scratch-resistant and stain-resistant. As a result, your door maintains its attractive look.

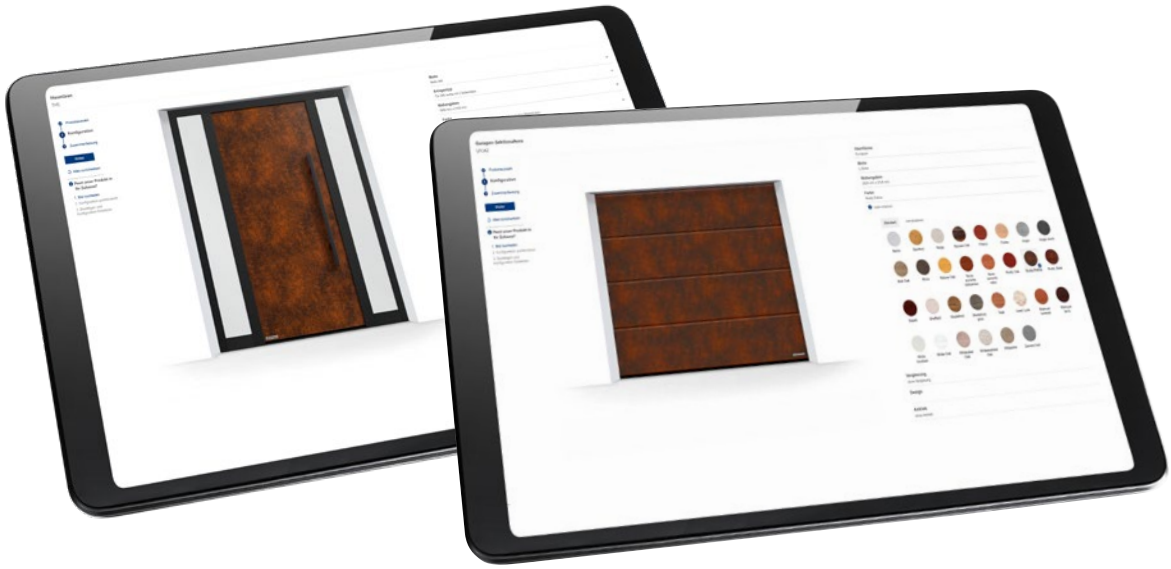
Door design in harmony

Is a particularly harmonious overall appearance important for your home? Then we have the perfect combination of garage doors and entrance doors for you here. Our sectional garage door LPU 42 with distinctive L-ribbing and our aluminium entrance door ThermoSafe MatchDecor in 19 door styles are available in four decors for a matching look. Thus, entrance and garage door form a harmonious unit – simply beautiful!



THE DOOR OF YOUR CHOICE IN JUST A FEW CLICKS. With the door configurator, you can conveniently test many design and product variations on your own PC or tablet in advance. You can put your dream door together in just a few clicks by selecting the version, style, colour and size and also see the recommended retail price of your configuration. If you then upload a photo of your house and place the door in the picture, you can see in advance how well the door will match your home.

The Hörmann configurator can be found at:
www.hormann.co.uk/home-owners-and-renovators/configurator

Natural timber decors

The Barnwood and Wild Oak decors in combination with our aluminium entrance doors in black.edition make for a stylish combination. The black.edition features exterior handles, embellishments and interior levers in elegant Jet black, subtly yet effectively embracing the latest design trend.
